

BAGWELL CENTER FOR THE STUDY OF MARKETS AND ECONOMIC OPPORTUNITY

The Bagwell Center for the Study of Markets and Economic Opportunity's **Undergraduate Research Fellowship** is a one-year fellowship that is open to undergraduate students from any discipline or program across Kennesaw State University's campuses. Working closely with a designated faculty advisor, **fellows will write an original research paper** that engages the academic conversation **about the impact of markets on society**, which will ultimately be suitable for publication on the Bagwell Center's website. In addition to the paper, fellows are also expected to present their **original research** at an on-campus symposium during the spring semester.
