

This matrix outlines KSU's required EHS training and frequency of training for the Southern Polytechnic College of Engineering and Engineering Technology. Training is available either online at owltrain.kennesaw.edu or

A table structure consisting of six horizontal yellow bars and several vertical red bars. The vertical red bars are positioned at regular intervals, creating a grid-like structure. The bars are solid and have a consistent width and height. The horizontal bars are stacked vertically, with the top one being the longest and the bottom one being the shortest. The vertical bars are positioned at approximately 25%, 45%, 55%, 65%, and 75% of the width of the table area.

<b>Professor</b>
